

Halifax Area Chapter is an affiliate of the Military Officers Association of America. Our mission is to maintain a strong national defense and preserve the earned benefits of the uniformed services and their families. Our membership is committed to camaraderie with a purpose among retired, active, and former officers, and their surviving spouses, by supporting veterans, active duty military, Reserve Officer Training Corps cadets/midshipmen, and our community with the promise to "Never Stop Serving".

President's Message

Col. Kim Ramos, USAF (Ret.)

Hello everyone and welcome to your March Officers Call. Your Board of Directors implemented a couple of new programs and we look forward to your feedback on them.

The first is a program to recognize our volunteers. Every month the chapter conducts Bagels and Bingo at the Emory Bennet Nursing Home and Coffee and Donuts at the

Veterans Clinic. Both are very popular with the veterans and are not possible without chapter volunteer support. In order to recognize that support, each month a free lunch ticket will be raffled off to the volunteers from that month. Thank you to our volunteers!

The second initiative is to encourage surviving spouses to attend our luncheons. Several board members sponsored our seven surviving spouses to attend the March meeting. Please take time to meet with them.

[Continued on Page 2]

In an effort to encourage more cadets and midshipmen to attend the ROTC Dinner on 23 April at 1700, the dinner will be hosted at the brand-new student center on the Embry-Riddle campus. More details will be forthcoming but please mark your calendars now. National is working to increase membership both at the national and chapter level. To that end they've incentivized bringing in new members. For every new member the chapter brings in, National will provide \$10. For 2019, the Halifax Area Chapter brought in 19 new members and received \$190 for our efforts. If you are not already a National member please visit the MOAA website and sign up for a Basic membership. It will help us locally, provides you with National MOAA benefits, and best of all its free.

A Long-Term Care Insurance Primer

CAPT Mary McLendon, USN (Ret'd)

Personal Affairs / Benefits

From MOAA.org

Long-Term Care planning is difficult. Long-Term Care Insurance (LTCI) is expensive, the risk seems far off, plus you may never use it. But if you need it, you really NEED it. Let's take a look at some key terms and concepts for LTCI.

Triggering Event. With most LTCI policies, the benefits go into effect when you can no longer accomplish 2 of 6 Activities of Daily Living (ADL). ADLs are: Eating, Bathing, Dressing, Toileting, Transferring (essentially walking), and Continence. When a medical practitioner, of the insurance company's choosing, certifies you can no-longer accomplish 2 or more ADLs without assistance, your insurance coverage is triggered.

Covered Services. LTCI can cover Nursing Home Care, Assisted Living, and Home Care.

Elimination Period. Just like an Auto Insurance Policy has a deductible, LTCI has one also. However, instead of a dollar amount, LTCI deductibles are measured in days. Common elimination periods for LTCI are 30, 60, 90, 180 and 365 days. The lower the number of days, the higher the premium you pay and likewise, the higher the number of days, the more you pay out-of-pocket before coverage starts.

Maximum Daily Benefit. This is the maximum amount that the insurance company will pay for one day of covered services.

Benefit Period. This is the amount of time that the insurance will pay benefits, typically 3 years, 5 years, or for life. A shorter coverage period will have a lower premium.

Total Benefit. While not always called a Total Benefit, most LTCI policies state a maximum amount to be paid out under the policy. It is frequently better to select a higher daily amount and a lower number of years.

Inflation Protection. This "rider" increases your Maximum Daily Benefit (and as a result your Total Benefit) by some set amount, typically 5%.

MEDICARE and **TRICARE** do not cover long-term care; however, Medicare does have a limited benefit for Skilled Nursing Care which is only effective after a hospital stay and lasts only for a short time. For Military retirees, **MEDICAID** is not an option since military retirement will almost certainly make you ineligible as well as any other pension. However, retirees have access to the Federal Long-Term Insurance Program. Additionally, MOAA offers LTCI for its members and their spouses.

Bagels & Bingo

Skip Keating, Veteran's Chairman

There were six (6) MOAA members, who volunteered to serve the 30 Emory L Bennett Veterans in attendance. The volunteers were, Skip Keating, Isabelle and Bill King, Bobbie and John DiMuro, and Meri Churchill.

Daughters of the American Revolution were represented by Betsy Russell and Carol Burchard.

The Tomoka Travelers RV Club; Luc Mailhot, Lawrie Davidson, and Louise Fink.

The veterans were served Juice and Coffee by the volunteers. Lawrie Davidson called Bingo for the Veterans. The veterans who win at Bingo receive merchandise, hats, or \$5.00 Wal Mart gift cards. Special thanks to Betsy Russell for donating Wal Mart Gift Cards this month.

Remember, our chapter hosts Bagels & Bingo at 1000 on the first Monday of every month. Please come and join us.

Halifax Area Chapter Action Plan

Items in white are pending. Items in yellow have changed since our last "Officers Call". Items in green are completed tasks.

	Chapter Goal	Latest Update/Follow up
	<u>LEGISLATIVE AFFAIRS</u>	
1	Two Public officials to attend luncheon during the year	
2	An article in Newspaper of our legislative efforts	
	<u>RECRUITMENT AND RETENTION</u>	
3	60 members to attend a luncheon/dinner	Jan=xx, Feb=xx, Mar=xx, Apr=xx, May=xx, Sep=xx, Oct=xx, Nov=xx, Dec=xx
4	Net gain of xx members for 2020	
	<u>PERSONAL AFFAIRS</u>	
5		
6		
	<u>BASE COMMUNITY</u>	
7	Upgrade ROTC Dinner Event to include greater Fundraising	
8	Develop video of Halifax Area Chapter for website	
	<u>OTHER</u>	
9	Create and work on Halifax Area Chapter's Leadership book for ROTC candidates	
10	Joint meeting with other chapters	

Legislative Report

John Stovall, LTC, US Army (Ret)

U.S. Military Makes Plans for Coronavirus Possible Pandemic

An executive order issued by the Joint Staff and approved by Defense Secretary Mark Esper recently directed the U.S. Northern Command to initiate pandemic plans that include ordering commanders to prepare for widespread outbreaks and confining service members with a history of travel to China.

The document serves as the Pentagon's blueprint for planning and preparing for widespread dispersion of influenza and previously unknown diseases.

According to a report in the *Military Times*, the U. S. Northern Command has directed the Joint Staff to commence "prudent planning" in their assigned role synchronizing the department's plans for pandemic flu and disease.

But in no way "does the planning indicate a greater likelihood of an event developing. "As military professionals, planning for a range of contingencies is something we owe the American people," Navy Lt. Cmdr. Mike Hatfield said.

"We coordinate with other combatant commands to assess potential impacts in the event of a pandemic and we ensure the U.S. military is poised to respond as required," Hatfield said in a statement. "The military profession fosters a culture of planning, and the fact that we are coordinating planning efforts across the geographical combatant commands is consistent with how we prepare to respond, if directed."

According to a Marine Corps message, commanders are to review their disease containment plans and take "preparatory and precautionary actions" to protect service members, installations, and ships. This includes ensuring that the plans contain procedures for "response, isolation, quarantine, restriction of movement, and community based intervention" as well as developing measures to contain and treat those possibly exposed.

Military commanders have been asked to confine any service member who has been to China since Feb. 2. In this instance, confinement means to stay in their residences or, if they live in an open barracks or share a bathroom with others, restrict them to a temporary lodging facility for 14 days.

According to the messages, the restricted service members will be assessed daily for fever by medical personnel by phone or in person and wear protective gear if they personally conduct the medical checks. Should the restricted service member display symptoms, they must seek medical attention, but call their military treatment facility first to inform them of their travel.

The Marine Corps message advises civilian employees and contractors, as well as any family members returning from China, to follow Centers for Disease Control and Prevention guidance to detect the virus and prevent its spread, which includes voluntarily remaining at home, limiting close contact with people and animals, self-monitoring, and seeking medical care if symptoms develop.

The Navy has included visits to Hong Kong and Macau as part of its directive and gives commanders the flexibility to decide whether they need to confine a service member who has had close contact with a person who has traveled to the region.

The Marine Corps has also told commanders to work with military treatment facilities on developing and executing any response and stay up-to-date on CDC guidance regarding the virus.

[Continued on Page 5]

The Army issued a service-wide message Jan. 31 on the coronavirus, advising its members on the illness's symptoms and instructing them on reducing their risk of catching the infection. The message was issued the same day the Pentagon released an advisory about how service members can reduce the risk of catching the disease. The Air Force does not publicly disclose its service-wide messages.

Since the outbreak began in late December, individual commands, especially those in Asia, have enforced confinement of service members with a travel history to China. Earlier this month, U.S. Forces Korea began confining troops for 14 days, who had traveled to China.

Also, earlier this month, U.S. Indo-Pacific Command restricted all Defense Department travel to mainland China and recalled all travelers to the country home.

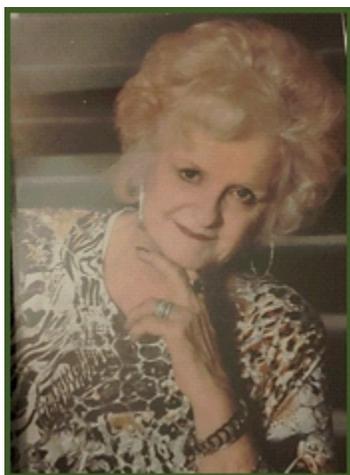

Dr. Nancy Messonnier, Director of the National Center for Immunization and Respiratory Diseases, said Monday that the likelihood of more cases of COVID19 being diagnosed in the U.S. is high, but added that the chance of contracting the disease outside China remains low.

She said the biggest infectious disease threat to the American public this year remains the influenza virus, which has sickened more than 22 million people, killing at least 12,000.

Precautions against the coronavirus, which include hand-washing, staying home if ill, and sneezing or coughing into a tissue or sleeve, also cut down on flu transmission.

"We are taking all appropriate precautionary measures to prevent any potential spread of the virus," U.S. Forces Korea commander, Army Gen. Robert Abrams, said on Feb. 2. The "Key for everyone is to follow standard hygiene protocols, and if not feeling well — get screened ASAP!"

Comments or suggestions are always welcome (jgstovall@yahoo.com)

Get to Know Your Board: Bill Krueger, 2nd Vice President

CAPT Mary McLendon, USN (Ret'd)
Personal Affairs / Benefits

Billie Krueger joined the Navy in her junior year at FSU via the competitive Navy Nurse Corps Candidate Program. Upon graduation, with a B.S. in Nursing, she served 5 years at Portsmouth Naval Hospital, VA and served onboard USS INDEPENDENCE (CV 62). Billie extended her service once more, then resigned her commission as a LT to move into civilian nursing as an In-service Instructor at the University of Rochester Medical Center NY. Later, she worked as a private duty nurse at the Daytona Beach Speedway, as well as at the Halifax District Hospital. Billie then changed careers, switching to public education but

kept her nursing license current. Billie has been active in the Blue Ridge Chapter of MOAA, where she served as Secretary and Membership Chair and, for the last two years, our Halifax Area Chapter. She is married with 3 grown daughters. We are very fortunate to have Billie as the 2nd Vice President of the Halifax Area Chapter of MOAA. Plus, as we all know, Billie does a wonderful job planning & executing our marvelous Christmas Gala!

Board of Directors Meeting

Tuesday 4 Feb 2020, 1000, HRYC Wardroom

Meeting called to order

Roll Call: We have a quorum=5

(Voting body = President, 1st VP, 2nd VP, Treasurer, Secretary, 3 Directors, Immediate Past President)

In attendance - Kim Ramos, Pierre Louis, Vicki Leignadier, Don Amiotte, Billie Krueger, Bancroft McKittrick, Skip Keating, Steve Maas, Roger Grubic, Jim Ivey, Judith Chaffee, Patti Higgins, Drew Hoffman

Reading & Approval of Minutes

- January minutes were read and approved previously by email.

Reports of Officers/Committees

- The Treasurer's report was read by Drew Hoffman. The January checking account balance is \$7,228.32 with \$150.00 in petty cash for a total of \$7,378.32. The Redner Scholarship Fund and Scholarship donations were a little over \$900.00. A motion was made to accept the treasurers report and seconded, all ayes.

- The membership report was discussed by Jim Ivey. There are 107 total members. New member, Keith Prewitt was unanimously approved, Pierre motioned and Drew second, all ayes. National MOAA will be sending a check for \$190 for new members. Billie will call surviving spouses on the roster and invite them to our luncheon. Some of the Board members will sponsor them: Skip, Pierre, Bancroft, Steve and? Kim is doing a raffle at our luncheons to show appreciation for volunteers for lunch or dinner in April. Rachel Harris, a Mainland ROTC, was the last winner! A motion to accept report was made by Kim and seconded by Drew, all ayes.

- Officers Call was presented by Don Amiotte. Discussion was held concerning the courtesy time frame waived for surviving spouses and honorary members and mailing of the OC. One year is National Guidelines, which we will follow. Discussion also followed concerning the Christmas Dinner date, it will be December 17th.

Unfinished Business

- **Leadership Book.** There have only been 3-4 snippets received so far. Suggestions were made to put a card on the table during luncheons or make a mock book with blank pages and do the same. Make members aware so they can impart some wisdom/guidance to our new, younger generation of officers.

- **FCOC 2020 Leadership Seminar** - Discussion was held regarding grants which could cover costs of Bagels and Bingo and Coffee and Doughnuts. Unfortunately, the cost of obtaining liability insurance, which is necessary, would far outweigh the benefit of the grants. Also discussed was Amazon Smile. In order to do this, we would need to obtain a 5013C. Again, the cost of doing this, approximately \$370, would be more than the amount of monies we would receive. More discussion was held regarding an outing with several chapters. The St. Augustine chapter has a Military Ball in November. They also do a private tour of military sites in St Augustine. Cape Canaveral also does some private tours. Kim will get more information and present it at our next luncheon for members. There is a FCOC Convention in Palm Beach, May 28-31. The Itinerary is basically the same as the recent FCOC Seminar in Orlando, but it will include more fun activities.

- The new Membership Application process was attached and discussed. A motion was made, by Skip and seconded by Bancroft, to eliminate Step #5 (voting by the BOD), all ayes. This requires approval by the entire membership to change the Policy and Procedures. It can be done by email or at the November meeting.

- Treasurer's Audit was completed and all was in order. • Scholarship Appeal Letter was revised by Billie, it's perfect, thank you! Twenty-nine copies were sent out. There has been no response yet. Jim suggested follow up calls.

New Business

- Our FCOC dues will be \$80.00.

- VCOC Updates by Vicki. There will be a Casino Night on February 22nd, from 4:30-8:30, at the Elks in Ormond Beach. Tickets are \$40 per person, or \$75 a couple in advance. Proceeds go to Veterans and Military Families. Checks should be made out to "Remembering Vets". There is a Stand Down at City Island on March 27th. American Legion Post 120 in Ormond Beach is having a picnic on March 7th at noon. American Legion Post 187 in Deland needs assistance putting together their museum. Emory Bennett Nursing Home is having their Annual Chili Cook Off on February 12th at noon.

- The Planning Board is complete

- Action Plan. Several suggestions were made by Billie; add business to #1, add recognize to #7, surviving spouse lunches etc. We had 36 members at our January luncheon. Our goal will be 10 new members this year.

- Judy updated us on the "Seniors and Crimes" speaker for our March luncheon. It has been very difficult to get a definite confirmation from the speaker. It was decided to cancel her, and several other suggestions were made for replacement. Bancroft's brother-in-law is in town and hopefully will fill in. Other suggestions were Coach Ritter from ERAU and Mr. Minor, a poet who talks about PTSD.

From the Floor

Board member special announcements/comments

Skip Keating suggested adding the Bios to the Leadership Book. There were 11 volunteers at Bagels and Bingo, 5 were MOAA.

Billie is sending an email to Kevin (our Christmas entertainment) with the December 17th date for our Christmas Dinner Dance.

Adjourn – Next meeting is Tuesday 3 March 2020, 1000, HRYC Wardroom

March's Luncheon Meeting Speaker

Colonel Gary Anderson USMC (Retired)

Topic: The Marine Corps Robotics Program and How Robots and Automation may be Impacting Society as a whole.

Colonel Anderson was the first military officer commissioned from Embry Riddle after it stopped its association with the University of Miami. He has been a commander from platoon to group-level, serving in combat in Lebanon and Somalia. At retirement, he was the Chief of Staff of the Marine Corps Warfighting Lab.

He led the Marine Corps Experimentation for about a decade, and was instrumental in starting the Marine Corps robotics program.

Following retirement, he was the first Director of the Marine Corps Center for Emerging Threats and Opportunities. He was a Vice President at Science Applied International Corporation and served as a pro-bono Special Advisor to the Deputy Secretary of Defense from 2003 to 2005, traveling to Iraq and Afghanistan in that capacity. He served as a Department of State Governance Advisor in Iraq and Afghanistan from 2009-2012.

Colonel Anderson is currently an Adjunct Professor at the George Washington University's Elliott School of International Affairs and a columnist for the **Washington Times**.
